Rescheduling may be possible but can't be guaranteed - you MUST notify us NO LATER than 24hrs before your session time. If a reschedule is possible your fee & session will be moved to a new date/time at no extra cost or loss of money. A tracking number will be provided once it is sent - please allow an extra 10 days to receive your USB once it has been posted. Once sent, any postage delays are out of our control. If you live locally in the Lefevre Peninsula area, your USB will be delivered to you instead. Turnaround time for images remains the same

If the weather isn't suitable on the day, you will be notified no later than 1hr before your session via a text message (please provide you best mobile number when booking). Another date/time will be organised to suit everyone.

Many photos are taken on the day to ensure THE BEST photos are given to you. All photos not given/shown to you are deleted and are not available.

Total number of photos given are a combination of colour, black & white and different cropping style.

NO RAW/UNEDITED photos will be given or shown to you.

Dogs are welcome at all outdoor family sessions. Please notify us at time of booking if you will be including your dog/s in the session. At this time, only dogs are allowed at session. Dog/s are YOUR responsibility for the entirety of your session and must be on a leash at ALL TIMES.

Multiple sessions are booked/scheduled for the same day either before or after your session, so please ensure you arrive on time. Therefore if you arrive late to your session, you will have less time for your photos to be taken - no refunds/partial refunds will be given.
